2.选中银行卡号数据单元格区域，然后选择【DIY工具箱】

The screenshot shows the top portion of an Excel spreadsheet. The ribbon at the top includes tabs for '页面布局' (Layout), '公式' (Formulas), '数据' (Data), '方格子' (Cells), 'DIY工具箱' (DIY Toolbox), and '图片工具' (Image Tools). The 'DIY工具箱' tab is highlighted with a red box and contains the following options: '添加批注' (Add Comment), '删除批注' (Delete Comment), '批注' (Comments), and '批注浏览' (Review Comments). The '图片工具' tab contains '筛选选中' (Filter Selected), '清空筛选' (Clear Filter), '高级筛选' (Advanced Filter), and '筛选' (Filter). On the right side of the ribbon, there is a '姓名' (Name) dropdown menu.

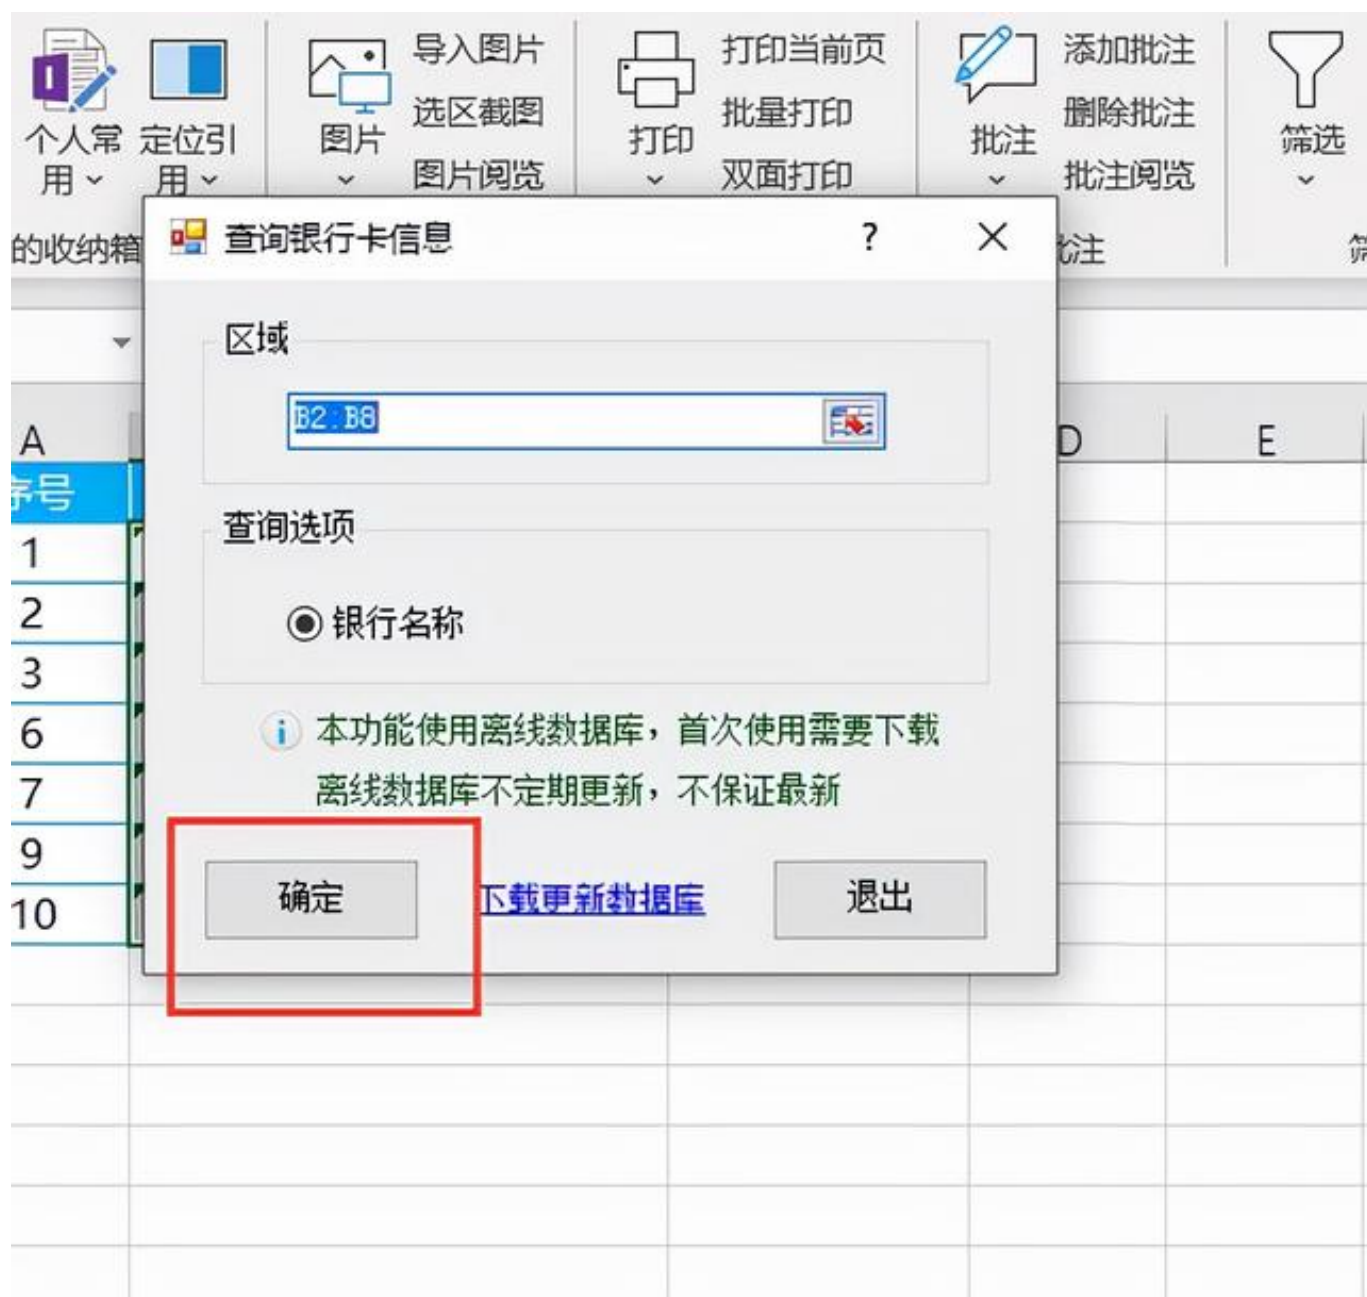

Below the ribbon, the spreadsheet grid is visible. The columns are labeled B, C, D, E, F, and G. The rows are numbered 1 through 7. The first row (row 1) has a blue header with '银行卡号' (Bank Card Number) in column B and '银行' (Bank) in column C. The following rows (rows 2-7) contain data for bank card numbers and their corresponding banks. A large, semi-transparent watermark is overlaid on the left side of the spreadsheet, partially obscuring the data in column B.

B	C	D	E	F	G
银行卡号	银行

3. 点击【银行卡】，选择【查询银行卡信息】

4.接着点击【确定】

5.最后选择保存位置即可

6.完成效果如下图所示

	B	C	D	E
	银行卡号	银行		
	6215993680002	邮政储蓄银行-福农卡-借记卡		
	6217788362805	安徽省农村信用社(65473600)-金农卡-		
	6228482308061	农业银行-金穗通宝卡(银联卡)-借记卡		
	6217788372800	安徽省农村信用社(65473600)-金农卡-		
	6217788362803	安徽省农村信用社(65473600)-金农卡-		
	6229538102800	安徽省农村信用社联合社-金农卡-借记-		
	6229538102802	安徽省农村信用社联合社-金农卡-借记-
